TESTDAYTOOLS PRINTABLE REFERENCE

DMV road signs and meanings

31 common signs. Read the picture first, then say the driver action before checking the meaning.

Red

Stop, yield, entry, or prohibited movement

Yellow

Warning, crossing, or road condition ahead

White

Regulatory rule, speed, lane, or direction

Blue

Driver service such as a hospital

Regulatory traffic signs

These signs state laws, restrictions, right-of-way rules, or required directions.

Stop

Come to a complete stop, yield, then proceed when safe.

Yield

Slow and give the right of way when another road user has priority.

Do Not Enter

Do not enter that roadway, ramp, or restricted direction.

Wrong Way

You are facing traffic; correct your direction safely.

One Way

Traffic moves only in the arrow direction.

No U-turn

A U-turn is not allowed at that location.

4-Way Stop

Every approach stops; use arrival order and right-of-way rules before entering.

No Right Turn

A right turn is not allowed from this approach.

No Turn on Red

Stopping first is not enough; wait until the signal allows the turn.

Keep Right

Stay to the right of an island, divider, or obstruction.

Speed Limit

The posted number is the legal maximum under normal conditions.

Do Not Pass

Passing another vehicle is prohibited in this zone.

Warning signs

These signs warn about conditions that may require lower speed, more space, or extra scanning.

Merge

Traffic may join your lane; adjust speed and space.

Lane Ends

A lane will end and traffic must merge.

Slippery When Wet

Road traction may be reduced; avoid sudden maneuvers.

Signal Ahead

Prepare for a traffic light ahead.

Railroad Crossing Ahead

Prepare for tracks and obey crossing controls.

Roundabout

A circular intersection is ahead; slow and yield as required.

Curve

The road bends ahead; reduce speed before entering the curve.

Winding Road

Several curves are ahead; slow down and keep steady lane position.

Crossroad

Another road crosses ahead; scan both sides for entering traffic.

Side Road

A side road joins ahead; watch for traffic entering from that side.

T-Intersection

The road ends at another road; prepare to turn left or right.

Two-Way Traffic

Opposing traffic begins ahead; stay right and expect oncoming vehicles.

Stop Ahead

A stop sign is ahead; begin slowing so you can stop completely.

Bicycle Crossing

Bicyclists may enter or cross the road; slow and scan carefully.

School, work-zone, and service signs

These signs flag special areas where driver attention, lower speed, or route information matters.

School Crossing

Watch for children and obey school-zone rules.

Pedestrian Crossing

Watch for people crossing and be ready to yield.

Work Zone

Expect temporary traffic control, workers, or lane changes.

Hospital

A hospital or medical service is nearby.

Animal Crossing

Animals may enter the road; slow and scan shoulders.

YOUR NEXT REVIEW

Turn slow signs into one focused quiz

1. Cover the meanings and name the driver action.
2. Write down only the signs that still feel slow.
3. Retake the picture quiz and record the new score.

Signs to review _____
